

Jiacheng Zheng CHINA Interdisciplinary Polymath Shandong University

### SUMMARY

Thanks for reading my CV. I am currently an undergraduate student pursuing a major in bio-engineering at Marine College, Shandong University. Prior to this, I pursued studies in chemical engineering at Dalian University of Technology from 2019 to 2021. I have actively engaged in data science research at Institute of International Studies, Shandong University as a researcher assistant, under the supervision of postdoctoral fellow Dr.Jamal Khan and Professor Yuan Li. Additionally, I am a member of Climate Change Economics and Low Carbon Transition team(Building Intergovernmental Panel on Climate Change(IPCC) Database, under the supervision of Prof.Zhifu Mi and Dr.Haoran Zhang) at University College London, Chinese Society of Optimization, Overall Planning and Economical Mathematics as well as Beijing Society of Image and Graphics. For any inquiries, Please feel free to contact me via email.

## Papers and Publications

- [1] Khan, J., Li, Y., Zheng, J. (2023). Linkages and Structural Changes in the Chinese Financial Sector, 1996–2018: A Network and Input–Output Approach. Structural Change and Economic Dynamics.
- · This study highlights the significant impact of the Chinese financial sector on downstream growth, its vital intermediary role, and the internalization that followed the global financial crisis. It underscores the importance of integrated policies for managing evolving systemic risks in light of shifting intersectoral dynamics.
- [2] Crespo, R., Rodríguez-Pose, A. (2024). *Innovation and Regional Growth in Europe* ([Ren Jianhui], Ed.). Beijing: Economic Management Press.
- · This book explores the complex relationship between innovation and regional growth, applying the social filter theory. It examines how collaborations among universities, research institutions, industries, and government entities drive regional innovation. Special focus is given to Europe's mechanisms for external innovation absorption and China's distinctive innovation dynamics, including the Belt and Road Initiative and dual circulation development strategy. I contributed as the translator for Chapter 3: Geographical Accessibility and Human Capital Accumulation.
